Annual Progress Report (APR) Measuring Performance Outcomes

**Tri-State HELP
Montana, South Dakota and North Dakota
MTH170014 HOPWA Regular Year 3
9/1/2019 through 8/31/2020**

OMB Number 2506-0133 (Expiration Date: 01/31/2021)

The APR report for HOPWA competitively selected grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes related to: maintain housing stability; prevent homelessness; and improve access to care and support. Reporting is required for all HOPWA competitive grantees. The public reporting burden for the collection of information is estimated to average 55 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

Overview. The Annual Progress Report (APR) provides annual performance reporting on clients' outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The APR fulfills statutory reporting requirements and provides the grantee and HUD with the necessary information to assess the overall performance and accomplishment of the grantee's program activities under the approved goals and objectives.

HOPWA competitive grantees are required to submit an APR for each operating year in which HOPWA grant funds were expended. Information on each competitive grant is to be reported in a separate APR. Grantees must complete Parts 1-5 on standard reporting elements. Grantees approved for "Other Activities", as detailed in their grant agreement, are requested to adapt the APR to report on their unique program accomplishments.

In addition, grantees must comply with the Federal Funding Accountability and Transparency Act 2006 (Public Law 109-282), which requires grant recipients to provide general information for all entities (including contractors and sub-contractors) receiving \$25,000+ in federal funding.

PART 5. Summary of Each Project Sponsor Information

- A. Project Sponsor Information
- B. Rental Assistance, Short-Term Rent, Mortgage, and Utility Assistance and Permanent Housing Placement Assistance
- C. Facility-based Housing Assistance
- D. Supportive Services and Other Activities
- E. Annual Report of Continued Use for HOPWA Facility-Based Stewardship Units

PART 6. Worksheet - Determining HOPWA Outcomes and Connections with HMIS

Continued Use Periods. Grantees that received HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA-eligible beneficiaries for a ten (10) year period. If no further HOPWA funds are used to support the facility, in place of filing the APR, the grantee must submit an Annual Report of Continued Project Operation throughout the required use periods. This report is included in Part 5E Annual Report of Continued Use for HOPWA Facility-Based Stewardship in this APR. The required use period is three years if rehabilitation is non-substantial.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical

Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and T-cell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client's case management, treatment and care, in line with the signed release of information from the client.

Operating Year. HOPWA competitive grants are awarded for a three-year period of performance with APRs submitted for each of the three operating years. The information contained in this APR should reflect the grantee's operating year with the beginning date determined at the time the grant agreement is signed. Project sponsor accomplishment information must coincide with the operating year this APR covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for one additional operating year. A renewal grant start date would be coordinated with the close out of the existing grant.

Grantees with an approved extension period of less than 6-months must submit the APR for the third year of the grant term at the end of the approved extension period and incorporate data from the additional months. Grantees with an approved extension period of 6-months or more must turn in an APR at the end of the operating year and submit a separate extension APR at the end of the extension period.

Final Assembly of Report. After the entire report is assembled, number each page sequentially.

Filing Requirements. Within 90 days of the completion of each operating year, grantees must submit their completed APR to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWA@hud.gov. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7248, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C., 20410.

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3C, Chart 1, Column [1] in the following manner:

HOPWA Housing Subsidy Assistance		[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	1
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	
4.	Short-term Rent, Mortgage, and Utility Assistance	1
5.	Adjustment for duplication (subtract)	1

6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)	1
----	---	---

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Chronically Homeless Person: An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post-traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Worksheet - Determining HOPWA Outcomes and Connections with HMIS* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive or services. See *Code of Federal Regulations Title 24 Part 5.403 and the HOPWA Grantee Oversight Resource Guide* for additional reference.

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack

of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or better maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income at 2 CFR 200.307.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

SAM: All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time limited housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information is required for facilities that are subject to the minimum use requirements (three-year use agreement if rehabilitation is non-substantial and ten-year use agreement if rehabilitation is substantial).

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher Program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

Part 2: Grantee Narrative and Performance Assessment

Use the Grantee Narrative and Performance Assessment (items A through D) to succinctly describe in a one to three page narrative how activities enabled client households to improve housing stability, increased access to care and support, and reduced their risk of homelessness. Describe the organization of the HOPWA Program and how the program interacts with other housing and supportive service programs in the community and/or state. The narrative should detail program accomplishments, barriers to achieving stated performance goals, technical assistance needs and innovative outreach and support strategies utilized by project sponsors or partner organizations to achieve program goals. In addition, provide information on any evaluations of the project's accomplishments conducted during the operating year. This narrative will be used for public information, including posting on HUD's web page.

A. Outputs Reported. Describe program accomplishments including the number of housing units supported and the number households assisted with HOPWA funds during this operating year. Include a comparison between proposed (as approved in the grant agreement) and actual accomplishments, as demonstrated in Part 3: Overview of Grant Activities. In the narrative, describe how the different types of housing assistance are coordinated to serve clients. If your organization has a waiting list, please explain how it is administered.

Montana: Missoula, Open Aid Alliance: A total of 38 households were assisted with HOPWA funds this operating year. This represents TBRA assistance for 24 households, eight more than their goal of 16. The agency assisted 12 households with STRMU earlier in the program year, after which they transitioned to using a different funding source to provide these services in order to better meet client needs and reduce barriers. By doing so, the agency can provide longer and more comprehensive assistance while they wait to get on more sustainable programs like HOPWA TBRA or an HCV program. 4 households received PHP assistance, which was just 2 less than their goal due to a higher need per client. 24 households benefited from on-going Supportive Services which was 8 less than our goal, however everyone did receive initial counseling through their housing stabilization plan, care coordination, and referrals plus follow up in accessing additional community resources to address all needs and concerns on the Housing Plan, including obtaining health insurance, applying for unemployment or SSI/SSDI benefits, or other COVID related grants.

The agency maintains a waitlist for TBRA guided by a waitlist policy. Housing Assistance Fund manages the waitlist with a needs-based approach and strives to serve those most in need. Need is scored based on the Vi-Spdat, as administered by housing staff and the score is kept confidential. Homeless families or individuals, those who are medically fragile, or those with the lowest incomes are assessed through the Vi-Spdat and prioritized accordingly. There is a bi-annual check-in with households or individuals to verify waitlist status, and a regular on-going conversation if meeting with housing navigators more regularly. If a client on the wait list no longer requires HOPWA assistance or no longer qualifies, all parties involved with the applicant's care are notified prior to being removed from the waitlist. Once an opening becomes available, the next applicant is contacted, as well as the next top three applicants on the waitlist to inform them of their status and to assist in planning for the upcoming move. Dates households are added or removed are documented on the Waitlist Tracker.

Montana: Billings, HRDC7: The program was able to serve 25 households through this grant. The TBRA and STRMU goals were surpassed. Households were afforded the opportunity to receive monthly transportation assistance through bus passes and readily available access to intensive case management in addition to their housing subsidy. In addition to HOPWA, the agency administered four other emergency and long-term housing programs; and the community received diversion funds to be utilized in diverting clients to self-sufficiency if their housing needs could be met through a one-time, nominal payment. All of these programs work closely with one-another to provide the best possible service to clients within the community.

There were clients on the agency waitlist towards the beginning of the year, but as attrition out of the program rose through the year, all clients who applied were able to be served. Applicants are first screened to determine housing status and are given priority based on their degree of homelessness. Applicants are then prioritized based on application received/assessment date. As the recertification meetings are completed or as clients experience changes to their circumstances, the agency determines if rent portions need any adjustments. In some instances, the agency may determine a decrease in the HOPWA portion of funds necessary for clients to maintain housing. The program works to connect clients with mainstream benefits, permanent housing options, and to sources of earned income such as employment or training.

South Dakota: Sioux Falls, SF Housing and Redevelopment Commission: Eighteen households received TBRA funding, which exceeded the goal of 16. Six clients on this grant left during the program year, with five out of six going into stable housing. No applicants qualified for STRMU assistance in this grant year. The need for long term assistance is the primary housing need in South Dakota. Two households received PHP funds to assist with security deposits. This did not meet the goal of 3 households

since few new households were added in this grant year. In part, this was due to the Covid 19 Pandemic. Both the application process and housing search were affected. Obtaining required records, such as birth certificates, took up to 4 months to get. Others were sick or even hospitalized, which delayed their housing search.

There is a waiting list for TBRA. A prospective client completes the waiting list form. When a spot opens and TBRA funds are made available, a letter is sent to the person(s) at the top of the waiting list with an application for housing assistance.

North Dakota: Bismarck, Community Action Region VII: The agency currently has some of the lowest numbers they have had in a few years. They served 15 total household - 13 TBRA, which is much higher than the goal. The higher client number is due to many factors including clients exiting the program. 3 STRMU which was 2 less than the goal of 5, however those that needed STRMU had high arrears and higher average costs. They continue to work with partner agencies for outreach and reducing barriers to assistance.

At this time, a wait list is not needed. One will be maintained in the future, if there is need.

B. Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

Montana: Missoula, Open Aid Alliance: There have been some challenges this year including, housing staff turn-over, and the unprecedented COVID-19 pandemic occurring in March. The agency is pleased to have been able to provide support and housing assistance to clients despite these challenges. As a result of Covid-19, they have seen a significant increase in residents moving to Montana. Montana and Missoula specifically, has seen a drastic decrease in housing availability and a severe increase in rental costs. Due to the pandemic, landlords and property management companies have struggled to assist with housing inspections. Technology has become a monumental barrier for housing clients to connect with us and other supportive services, including applying for housing. Increasing rental costs that do not fall within the FMR paired with a competitive market that strongly favors people with strong rental histories, cash up front and established employment verification. Despite these issues, assisted households maintained stable/permanent housing through the HOPWA program. STRMU clients received temporary stability with a reduced risk of homelessness, although they were likely to need additional STRMU or other more stable housing assistance. Other great outcomes resulting from housing stability reflected in the APR are attributed to the tailored supportive services the agency provides for the households. Increasing rents that do not fall within the FMR, rental history checks, credit history and income requirements are tremendous barriers to the majority of people who participate in the program. Partnership with the region's Coordinated Entry System (CES) allows the agency limited access to a Landlord Liaison and more robust communication with community partners for housing retention, stabilization and referrals.

Montana: Billings, HRDC7: All clients were able to access safe, decent and sanitary homes through HOPWA. While the agency serves a vast area of Montana, all clients live within the larger cities of the state, and as a result have access to the clinics within those cities. Beyond this, they work closely with the Ryan White and public health offices to ensure that they are creating a collaborative team to better serve our clients. Due to the age and disability status of clients, not many clients gained employment, but all received ongoing case management to assist them in their self-sufficiency as well as continued positive health outcomes.

South Dakota: Sioux Falls, SF Housing and Redevelopment Commission: 94% of households that received TBRA assistance remained in stable/permanent housing. 94% of the households had contact with a case manager and a health care provider. 94% of the households obtained/maintained health insurance. 72% of the households on this grant were able to obtain/maintain a source of income. This was a difficult year for clients on this grant due to the Co-vid 19 pandemic. Many clients lost jobs and/or could not obtain employment as businesses closed either temporarily or permanently.

North Dakota: Bismarck, Community Action Region VII: 8 households were able to remain stably housed on TBRA. 2 households decided that they wanted to live in housing that would not meet program payment standard requirements and decided to exit HOPWA assistance and pay on their own. One household that was assisted with STRMU was exited onto TBRA.

C. Barriers and Recommendations. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and actions taken in response to barriers, as well as recommendations for program improvement. You may select more than one from the following list. Specify a barrier for each explanation or description.

<input checked="" type="checkbox"/> HOPWA/HUD Regulations	<input type="checkbox"/> Planning	<input checked="" type="checkbox"/> Housing Availability	<input checked="" type="checkbox"/> Rent Determination and Fair Market Rents
<input checked="" type="checkbox"/> Discrimination/Confidentiality	<input type="checkbox"/> Multiple Diagnoses	<input checked="" type="checkbox"/> Eligibility	<input type="checkbox"/> Technical Assistance or Training
<input type="checkbox"/> Supportive Services	<input checked="" type="checkbox"/> Credit History	<input checked="" type="checkbox"/> Rental History	<input checked="" type="checkbox"/> Criminal Justice History
<input checked="" type="checkbox"/> Housing Affordability	<input type="checkbox"/> Geography/Rural Access	<input checked="" type="checkbox"/> Other, please explain further	See below

Montana: Missoula, Open Aid Alliance: Barrier: Inability to use STRMU for individuals presenting homeless. Most of our new participants would be considered homeless. We have requested our STRMU funds be moved into TBRA to alleviate the challenges with using STRMU at this time. Barrier: High rents, low tolerance for risk. We are increasingly using double deposits or other strategies to incentivize landlords to rent to individuals with challenging rental, credit or employment records. Several of our biggest challenges have been addressed by the grantee and that is greatly appreciated. We appreciate using an Adjusted FMR and utilizing a standardized tool to determine Rent Reasonableness. Recommendation: Additional grant funding to provide in-home care by hiring staff that is responsible for ensuring housing stability by in-person visits to teach clients how to clean, cook, organize, and maintain a home as many clients have never had this role modeled to them. There is a gap between transitioning clients from homelessness into housing and then getting them set up with adequate technology and internet needed to access and maintain care. Often this is due to an outstanding internet or utility bill. We are working with other community partners to address these mounting concerns, however, if it could be streamlined through HOPWA/CARES funding it would expedite the process significantly.

Montana: Billings, HRDC7: As with many facets of our daily life, HOPWA and its clients were impacted in myriad ways at the onset of the pandemic and ever since then. Luckily, HUD saw that both contractors and clients would be ill-served if certain changes were not made, but with the addition of optional waivers to utilize to circumnavigate some of these new barriers, we were able to continue providing exceptional, yet altered service to our clients.

South Dakota: Sioux Falls, SF Housing and Redevelopment Commission: Major barriers to obtaining housing for HOPWA clients are credit and rental history, and limited English skills. Majority of HOPWA clients have poor credit history and rental history. This limits clients to certain rental properties/landlords who will provide housing. In addition, some clients who immigrated to the United States encounter discrimination by some landlords who will not rent to them because they are from another country. The rural nature of South Dakota made it difficult to find housing within the rental rate limits in the HOPWA program. What is available for renters is too expensive in the smaller communities. Another barrier, new to this grant year, was the Co-vid 19 pandemic. The application and/or housing search process was impacted. Also obtaining necessary documents, contacting/meeting with landlords and not meeting the housing case manager/housing coordinator in person are examples of barriers faced by the applicants for the HOPWA program.

North Dakota: Bismarck, Community Action Region VII: Payment Standard/FMR restrictions continue to be barrier in some communities. Credit history, legal issues, criminal history and sex offender status have all been barriers to finding decent housing.

D. Technical Assistance. Describe any technical assistance needs and how they will benefit program beneficiaries.

Montana: Missoula, Open Aid Alliance: Continuing technical assistance around navigating Covid-19 challenges and associated funding is very helpful. Affordable, comprehensive Case Management program with a housing focus. This would allow the agency to increase quality of care and coordination of services between housing providers and in-office housing coordinators. A program with a housing focus would greatly benefit the HOPWA program. Training around landlord engagement and mediation. Guiding positive interactions with landlords and clients may increase housing outcomes and decrease conflict/evictions, saving money and bettering client’s rental history. Landlords often have high barrier rental expectations; having the skills to navigate these concerns, while also applying fair housing guidelines may help mitigate risks for landlords and clients. Legal assistance for complicated housing situations (fair housing rights, criminal history, credit history, evictions). Laws applied between landlords and tenants are challenging to navigate and often air on the side of the landlord. Having legal assistance or a legal TA would greatly benefit our program and would better protect our program participants.

Montana: Billings, HRDC7: Many of the COVID related webinars have been helpful, but not always relevant to the ways that smaller, frontier programs operate. More specialized TA pertaining to our region would be a welcomed addition.

South Dakota: Sioux Falls, SF Housing and Redevelopment Commission: We would like ongoing clarifications of mandated forms for client files, especially for supportive service only clients. Also continued clarifications of HOPWA policies coming from the federal level.

Part 3: Summary Overview of Grant Activities

A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units Only. Do not count Supportive Services in this section)

Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3C, Chart 1, Row 7 (e.g., do not include households that received HOPWA supportive services ONLY).

Section 1. Individuals

a. Total HOPWA eligible individuals* receiving HOPWA Housing Subsidy Assistance

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA housing subsidy assistance but NOT all HIV positive individuals in the household.

Individuals Served with HOPWA Housing Subsidy Assistance	Total Number
Number of individuals with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance	96

**See definition section for clarification on HOPWA eligible individuals*

b. Prior Living Situation

In chart b, Indicate the prior living arrangements for all the individuals reported in Chart a. In Row 1, report the total number of individuals who continued to receive HOPWA housing subsidy assistance from the prior operating year into this operating year. In Rows 2 through 17, indicate the prior living arrangements for all new HOPWA housing subsidy assistance recipients during the operating year.

Data Check: *The total number of eligible individuals served in Row 18 equals the total number of individuals served through HOPWA housing subsidy assistance reported in Chart a above.*

Section 2. Beneficiaries

In Chart a., report the total number of HOPWA eligible individuals living with HIV/AIDS who received HOPWA housing subsidy assistance (*as reported in Part 3A, Section 1, Chart a*), and all associated members of their household who benefitted from receiving HOPWA housing subsidy assistance (resided with HOPWA eligible individuals).

Note: See definition of HOPWA Eligible Individual.

Note: See definition of Beneficiaries.

Note: See definition of Transgender.

Note: The sum of each of the Charts b & c on the following two pages equals the total number of beneficiaries served with HOPWA housing subsidy assistance as determined below in Chart a, Row 4 below.

B. Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the grant proposal/renewal application and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

Part 3: Summary Overview of Grant Activities

C. Performance and Expenditure Information

Report the total number of households that received HOPWA assistance and the amount of HOPWA funds expended for each program activity provided. In each activity section, the total Row must contain an **unduplicated** total number of households assisted. An adjustment for duplication Row is provided in each section to ensure that the total is correct.

Note: See definition section for more information about *Adjustment for Duplication*.

Data Check: Data in this section is summarized from all project sponsors PART 5A-E submissions and therefore should match the combined total for those submissions. HOPWA housing subsidy assistance, supportive services, and housing placement activities are measured in households served while housing development activities are measured in units developed.

Part 4: Summary of Performance Outcomes

Housing Stability, Prevention of Homelessness, and Access to Care

In Column [1], report by type the total number of households that received HOPWA housing subsidy assistance. In Column [2], enter the number of households continuing to access each type of HOPWA housing subsidy assistance into the following year. In Column [3], report the housing status of all households that exited the program.

Note: Refer to the destination codes that appear in Part 6: Appendix: Worksheet on Determining HOPWA Outcomes and Connections with HMIS.

Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total households reported in Column [1].

Section 1. Housing Stability: Assessment of Client Outcomes on Maintaining Housing Stability (Permanent Housing and Facilities)

A. Permanent Housing Assistance

B1: Total number of households receiving transitional/short-term housing assistance whose tenure exceeded 24 months					

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Rent, Mortgage, and Utility Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor’s best assessment for stability at the end of the operating year.

Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the Chart:

- In Row 1a, report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b, report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3C, Chart 1, Row 4, Column [1].

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

1b. Total number of those households that received STRMU Assistance in the operating year of this report that also received STRMU assistance in the two prior operating years (e.g. households that received STRMU assistance in three consecutive operating years).			9

Section 3. Access to Care and Support: Assessment of Client Outcomes on Access to Care and Support

1a. Total Number of Households

Line [1]: For project sponsors that provided HOPWA housing subsidy assistance during the operating year, identify in the appropriate row the number of households that received HOPWA-funded housing subsidy assistance (TBRA, STRMU, Facility-Based, Permanent Housing Placement Services and Master Leasing) and HOPWA-funded case management services. Use Row c to adjust for duplication among the service categories and row d to provide an unduplicated household total.

Line [2]: For project sponsors that did **NOT** provide HOPWA housing subsidy assistance identify in the appropriate row, the number of households that received HOPWA-funded case management services.

Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b below.

Total Number of Households	
1. For Project Sponsors that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded services:	
a. Housing Subsidy Assistance(duplicated)- TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing	103
b. Case Management	80
c. Adjustment for duplication (subtraction)	87
d. Total Households Served by Project Sponsors with HOPWA Housing Subsidy Assistance (Sum of Rows a & b minus Row c)	96
2. For Project Sponsors did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded service:	
a. Case Management	N/A
b. Total Households Served by Project Sponsors without Housing Subsidy Assistance	N/A

1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors that provide HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report the number of households that demonstrated access or maintained connections to care and support within the operating year.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report the number of households that demonstrated improved access or maintained connections to care and support within the operating year.

Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.

E. Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY) – N/A

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Section 5C of the APR if the facility was acquired, rehabilitated or constructed/developed in part with HOPWA funds but NO HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of “Stewardship Units”.

Part 6: Worksheet - Determining HOPWA Outcomes and Connections with HMIS

1. This Chart is designed to help you assess program results based on the information reported in Part 4. Completion of this worksheet is optional.

Permanent Housing Assistance	Stable Housing (# remaining in program plus 3+4+5+6)	Temporary Housing (2)	Unstable Arrangements (1+7+8)	Life Event (9)
Tenant-based Rental Assistance (TBRA)				
Permanent Facility-Based Housing Assistance/Units

Reduced Risk of Homelessness: Short-Term Assistance	Stable/Permanent Housing	Temporarily Stable, with Reduced Risk of Homelessness	Unstable Arrangements	Life Events
Short-term Rent, Mortgage, and Utility Assistance (STRMU)				
Total HOPWA Housing Assistance				

Background on HOPWA Housing Stability Codes

Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, Public Housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing: moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /Prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households

that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.
